- Leveraging her PhD in biblical studies, Hunt offers a piercing look at what the first writing of the Gospels would have been like

Disciple Matthew, a former tax collector, is invited to work with Peter, James, and John in Jerusalem. He dreams of preaching and performing miracles like his fellow apostles, but he finds his dreams postponed because of a request from Yeshua’s mother. Well aware of the passing years, Mary asks Matthew to help her record the stories of Yeshua while the eyewitnesses are still alive. Reluctantly, he agrees, though the longer he and Mary work together, the more difficult their task becomes. Not only are they pressured by opposition from friends and foes alike, but Gaius Caesar, better known as Caligula, is determined to raise a statue of himself in the Holy Temple, even if it means killing every man in Israel. As Matthew works to save his people, Mary encourages him to come to terms with issues from his past. When they finally near the completion of their project, Matthew realizes that the job he reluctantly accepted might be his God-given destiny.

EXCERPT

Lillian began pulling out the supplies from the shopping basket, preparing to move them to the shelves. Grace slipped out of her coat and began to help. At last Lillian came to the mail that was tucked down along the side. *A bill from the grocer. A letter from Lethbridge. That's all there is.*

Lillian tugged at the corner of the envelope until she could slip a finger in and ripped one side open rather impatiently. The carefully penned letter was short and to the point.

Dear Miss Bennett and Miss Walsh,

We regret to inform you that permission for you to operate as a children's home under the auspices of Brayton House in Lethbridge, Alberta, has been withdrawn. Charges have been filed against you by Mr. and Mrs. Jack Szweda of Kedderton, Alberta. Until the complaint has been thoroughly investigated, we must ask you to suspend all activity as a temporary residence for children. You are to surrender any orphans still in your charge to the management of Brayton House as soon as you are able. We hope to receive your full cooperation in this investigation.
Sincerely, Quinley Sinclair.

"It's from the society," Lillian gasped. "Grace, look!" Her hand trembled as she passed the page to her sister. "We're being accused."

Grace's eyes widened as she surveyed the letter. Her words came slowly as a whisper. "Oh dear. And we're probably guilty."

Absorbing Companion Series to Popular TV Show Continues

- Authors explore backstory and plot lines not seen in show's episodes
- Janette Oke is a legend among inspirational fiction readers and writers
- Each episode of *When Hope Calls* averaged 1.65 million viewers
- Hallmark has contracted *When Hope Calls* for a second season; *When Calls the Heart* is set for an eighth season

So much has been accomplished. Lillian Walsh has stepped out courageously beyond what she'd ever dreamed of being able to achieve. She and her newly rediscovered sister, Grace, have settled three children from England into new Canadian homes and are prepared to place two more just after the New Year, when it happens—another painful disruption.

A white lie the sisters used to protect some orphans has resulted in an official complaint and a letter revoking the sisters' permission to manage their little children's home. And unexpectedly, Walter, the young man who has won Lillian's heart, departs for a job in the oil industry without leaving any hope for their future, making her confused and lonely.

With more children on their way from England needing caring homes, Lillian and Grace must use every ounce of gumption to keep their mission alive. But when startling information about the past surfaces and a new arrival comes via suspicious circumstances, they'll have to decide what is worth fighting for and what is better left in God's hands.

EXCERPT

"You can have the room over there," Lena said, pointing straight ahead.

Kirstin opened the door. "Oh, it's lovely. So perfect."

Lena watched as she made her way around the room, touching the mirrored dresser and then the quilted bed cover. "I made that quilt special for you when I heard you would come. It's my welcoming gift to you."

Kirstin hurried back to her grandmother and hugged her tight. "I love it, and I love you for making it for me."

Lena smiled and gently pushed Kirstin away. "Now, you wash up and rest. I'll come get you if it gets too late." She turned to Habram. "Just leave that suitcase and come with me. I'll pour you another cup of coffee."

"Another cup sounds good. It's mighty cold today."

Lena led the way downstairs and smiled at the sight of three sets of dishes waiting her attention by the sink. She loved to have company. Her only son had been killed in a logging accident five years after she lost her beloved husband Jürgen to sickness. How she missed them both. If not for Habram and the boys, she might have died from a broken heart.

"When will you tell her about her brother?" Habram asked in a hushed tone.

Lena brought his coffee to the table and shook her head. "I don't know. It's a great deal to tell."

"Ja, but it must be told."

She nodded. "Ja. It must."

For when Kirstin opens their front door one day, she finds the brother she long thought dead on the other side. Domar begs his sister to say nothing to their parents, viewing their grief as payment for falsely accusing him of bad behavior years prior and driving him from their Swedish village. Caught between her brother’s wishes and the chance to ease her family’s pain, Kirstin doesn’t know which decision is right.

When Domar’s friend Ilian is hurt in an accident, Kirstin and her grandmother volunteer to care for him. Ilian struggles with his own bitterness toward his estranged father, heightened by his injured leg. He can now never return to logging, but the only other thing he really knows and enjoys is making Mackinaw boats—but that would force him to seek his father’s help.

- A practicing lawyer, author’s detailed research and experiences bring rich authenticity to story

As a barrister in 1819 London, William Snopes is a strong advocate who chooses to defend the poorer classes against the powerful. That changes the day a struggling heiress, Lady Malissa Jameson, arrives at his door.

In a last-ditch effort to save her faltering estate, Lady Jameson invested in the acquisition of a merchant brig, the *Padget*, allowed by a letter of marque from the king’s regent to legally capture cargo from French traders operating illegally in the Indian Sea. Yet when the ship returns to the London harbor, it’s met by constables and soldiers ready to seize its goods, accusing the sailors of piracy. And the letter proving their legality has disappeared.

Moved by the lady’s distress, intrigued by the claimed letter, and goaded by an opposing solicitor, William Snopes cautiously takes the case. But as he gets deeper into the mystery and prepares for trial, he learns that the forces arrayed against Lady Jameson, and now himself, are even more powerful than he’d imagined.

EXCERPT

Short-haired and stocky, her sleeves perpetually rolled up, Peg took charge. "Cooper, honey," she said, "go call Artie on the kitchen phone. His number is tacked on an index card right next to the phone. I saw the Lightship down at the dock. He's gotta be somewhere around here."

"Artie?" Blaine said. *My Artie?*

Dad was sitting on the sidewalk, checking his father's pulse. "Artie's the doctor for outlying islands."

Artie... was *what?* He'd never told her, but then again, they didn't talk. Not anymore. Two years ago, Blaine and Artie had parted on a sour note. His sour note, not hers. Artie Lotosky had been her longtime friend, her very best buddy, and she had invited him to join her in Europe. Since he was a struggling medical student, she'd even offered to buy his plane ticket, which she thought was a very generous offer, especially because she would've added it to her considerable credit card debt. Artie turned her down flat. He wasn't at all grateful for her invitation. He should've been, she thought, but he just wasn't. He even implied she was irresponsible. A few months later, she had called him on his birthday and he never bothered to return her call. *That stung.*

Peg pointed up the road. "Cooper, there he is now." Blaine spun around to see her nephew dash up the street to greet a man coming out of a store—hold on! That man was *Artie.*

She'd had no warning. Her mind was completely focused on the crisis at hand, and the next moment, *heart attack!* Here came Artie Lotosky, striding confidently down Main Street, one hand grasping a medical black bag.

Blaine stared. He'd lost weight. A lot of it. He used to be kind of chubby. No longer. And he sported a beard. Even his clothes were an upgrade. Gone was the faded sweatshirt with the stretched-out neck, replaced by a smart button-down. Gone were the worn sneakers, replaced by trendy L.L. Bean boots. Gone was his scruffy, unkempt appearance. He looked like a completely different person. Rakish. Stylish.

Goosebumps broke out on her arms. Man, he looked *good.*

Blaine Grayson returns to Three Sisters Island with a grand plan—to take Camp Kicking Moose to the next level. Her dream starts to unravel when she discovers Moose Manor's kitchen has been badly remodeled by her sister, Cam, who doesn't know how to cook. Added to that blow is the cold shoulder given by her best friend, Artie Lotosky, now a doctor to the unbridged Maine islands.

As old wounds are opened, Blaine starts to wonder if she made a mistake by coming home. Little by little, she must let go of one dream to discover a new one, opening her heart to a purpose and a future she had never imagined.

Five years in a New York state reformatory have left a blemish on Hazel’s real name. So when she takes a job as Doctor Gilbert Watts’s lady in attendance in 1898, she does so under an alias. In the presence of her quiet and pious employer, Hazel finds more than an income. She finds a friend and a hope that if she can set her tarnished past in order, she might have a future after all.

As Gilbert becomes accustomed to the pleasant chatter of his new dental assistant, he can’t help but sense something secretive about her. Perhaps there is more to this woman than meets the eye. Can the questions that loom between them ever be answered? Or will the deeds of days gone by forever rob the future of its possibilities?

Rachel Fordham pens a tender tale of a soft-spoken man, a hardened woman, and the friends that stand by them as they work toward a common purpose—to expunge the record of someone society deemed beyond saving—and perhaps find love along the way.

EXCERPT

Marian closed the car door and started toward the imposing porch entrance that was reminiscent of a gatehouse found on a castle, albeit slightly smaller in size. She fumbled with the ampulla and tightened her grip on it. She couldn't let anything happen to the relic until she figured out why Dad had it.

She brought the opening to her nose and sniffed again as she had earlier. What if the rumors were true, and it had held liquid of some kind? And what if he'd consumed it?

She touched her tongue to the inner neck and licked it. A strange rush, like a gust of wind, charged through her veins down her body into her arms and legs. The gust was oddly warm in the chill of the evening. As the grit dissolved against her tongue, she heard a pounding gallop of horse hooves on the driveway behind her.

Swiveling, she was shocked to find an enormous horse bearing down on her, its rider apparently not paying any attention to the Bentley in its path. She stepped backward, groping for the Bentley door handle. But her fingers only grasped air.

A glance out of her periphery told her the car was gone—that Bojing had already driven it away. How had the slight man assisted Harrison into his wheelchair and moved the vehicle so rapidly?

The thunder of hooves drew nearer, kicking up stones and dust with every step. And yet, wasn't Harrison's driveway paved?

She stepped back further, out of the way, expecting to trip into the well-manicured tulip garden at the front of Chesterfield Park. But uneven grass tickled her ankles. The stallion passed by, leaving a breeze in its wake that wafted across her cheeks and bare arms and brought the odor of horseflesh with a mixture of hay, mud, and sweat.

The ultimate cure that could heal any disease? Crazy. That's exactly what research scientist Marian Creighton has always believed about her father's obsession, even if it does come from a desire to save her sister Ellen from the genetic disease that stole their mother from them. But when her father falls into a coma after drinking a vial of holy water believed to contain traces of residue from the Tree of Life in the Garden of Eden, all of Marian's assumptions must be questioned. He's left behind tantalizing clues that suggest he's crossed back in time. Insane. Until Marian tests his theories herself and experiences strange visions of medieval times.

With the help of one of her father's colleagues, Marian discovers that she is not the only one interested in his research. Stalking, break-ins, and a kidnapping convince her that she must take the plunge and follow her father back to the 1380s or risk losing him—and her sister—forever.

- “This stirring tale will appeal to fans of Jody Hedlund.”—*Publishers Weekly* on *All Manner of Things*
- Susie’s novel *All Manner of Things* was named a 2020 Michigan Notable Book
- This stunning time-slip novel will be a favorite with readers and book clubs

In 1975, three thousand children were airlifted out of Saigon to be adopted into Western homes. When Mindy, one of those children, announces her plans to return to Vietnam to find her birth mother, her loving adopted family is suddenly thrown back to the events surrounding her unconventional arrival in their lives.

Though her father supports Mindy’s desire to meet her family of origin, he struggles privately with an unsettling fear that he’ll lose the daughter he’s poured his heart into. Mindy’s mother undergoes the emotional rollercoaster inherent in the adoption of a child from a war-torn country, discovering the joy hidden amid the difficulties. And Mindy’s sister helps her sort through relics that whisper of the effect the trauma of war has had on their family—but also speak of the beauty of overcoming.

Told through three strong voices in three compelling timelines, *The Nature of Small Birds* is a hopeful story that explores the meaning of family far beyond genetic code.

When Paul Elias receives a terminal diagnosis, he leaves his physician’s office in a fog. Only one thing is clear to him: if he is going to die, he must find someone to watch over his granddaughter, Pearl, who has been in his charge since her drug-addicted father disappeared. Paul decides to take her back to Nysa—both the place where he grew up and the place where he lost his beloved wife under strange circumstances forty years earlier.

But when he picks up Pearl from school, the little girl already seems to know of his plans, claiming a woman told her.

In Nysa, Paul reconnects with an old friend but is not prepared for the onslaught of memory. And when Pearl starts vanishing at night and returning with increasingly bizarre tales, Paul begins to question her sanity, his own views on death, and the nature of reality itself.

In this suspenseful and introspective story from award-winning author Shawn Smucker, the past and the present mingle like opposing breezes, teasing out the truth about life, death, and sacrifice.

"No one seems to know where the teen is," the man said. "The neighbor had the kid's number. I've called it, but it went straight to voicemail." He handed Caden a piece of paper with the number on it.

"Thanks." He texted the number to Daria and asked her to find the phone. He looked at Zane. "We're going to need to set up a task force."

"I was thinking the same thing." His partner coughed and pulled a pack of tissues from his pocket. "Be right back."

Caden let his gaze scan the room, ignoring the chatter of the other officers coming from the open front door. He stopped at the mantel. Pictures lined it. Mostly of the children. Some of the family. And one of another family he'd seen somewhere. Zane returned with a bottle of water. "Sorry. Had to find some Motrin and blow my nose. Seriously, how can your nose feel stuffed completely full and when you blow it, noth—"

"I don't need the details, dude." Zane still held the tablet in his other hand. Caden nodded to it. "Let me see those pictures from the first crime scene again will you?"

Zane pulled them up. "Why?" He popped a cough drop.

"Scroll through them. I'm looking for something in particular."

His partner swiped one picture after another.

"There," Caden said. "Stop."

"What do you see?"

"The same picture on that end table in the Bailey's home that's over there on the mantle."

Ava Jackson entered the military shortly after high school, but her mother's illness has forced her to request an early discharge. She already lost her father while deployed, and there's no way she's going to let her mother die alone. But after a visit to the nursing facility where her mother lives, Ava is attacked walking back to her car. Fortunately, FBI Special Agent Caden Denning arrives in time to help fight off her attacker.

Caden reveals to Ava that she may hold the key to the murders of three families, and he needs her help before anyone else is harmed. The hits show a pattern, and clearly the killer has an agenda. But if Caden and Ava can't discover what it is, Ava may be next on the hit list.

"There has to be another way." But even as she said it, she knew it wasn't true.

"Your mom and I have talked about it. I want to spend every moment I can with her. I've decided to sell." His mouth twisted on the words, his façade beginning to crack, and she could do nothing but throw her arms around her dad and hold him tightly.

"I'm so sorry," she whispered into his shoulder. He didn't need her grief too. He needed her to be strong and sure.

She'd heard fishermen talk of ships in distress looking for any port in the storm. But her mom and dad didn't need just any port. They needed to be able to lean on her in the face of the unknown. She couldn't buckle under her own grief. She wouldn't.

With a gentle pat on her back and a sniff just above her head, her dad pulled away. His long legs carried him back a step just as the glow of the morning sun lit up the ocean where it met the east, turning the water from black to inky blue. "I have to tell you something else." His furry black eyebrows sank together, meeting over his crooked nose.

Her stomach sank. There was no way this was good news. But what else could he possibly add?

"I'm going to sell to Oliver Ross."

Was there another Oliver Ross on the island she didn't know? Maybe this one was from away. From far far away. Maybe he wasn't the boy she'd gone to school with or the one she'd actively been avoiding for more than a decade. And it did require some concentrated effort not to run into him in tiny Victoria by the Sea.

It was worth it for her sanity.

But when her dad motioned in the direction of the truck, she knew. She knew with utter certainty that he was selling his business to her arch nemesis.

Johnson's Novels Have Sold More Than Half a Million Copies

- Liz Johnson is a *New York Times* bestselling author and Carol Award finalist
- This series returns to her fans' favorite location, Prince Edward Island
- "Both an exciting treasure hunt and penetrating exploration of overcoming past mistakes, Johnson's excellent novel will captivate readers." —*Publishers Weekly* starred review on *A Glitter of Gold*

When Meg Whitaker's father decides to sell the family's lobster-fishing business to her high school nemesis, she sets out to prove she should inherit it instead. Though she's never had any interest in running the small fleet—or even getting on a boat due to her persistent seasickness—she can't stand to see Oliver Ross take over. Not when he ruined her dreams for a science scholarship and an Ivy League education ten years ago.

Oliver isn't proud of what he did back then. Angry and broken by his father walking out on his family, he lashed out at Meg—an innocent bystander. But owning a respected fishing fleet on Prince Edward Island is the opportunity of a lifetime, and he's not about to walk away just because Meg wants him to.

Meg's father has the perfect solution: Oliver and Meg must work the business together, and at the end of the season, he'll decide who gets it. Along the way, they may discover that their stories are more similar than they thought . . . and their dreams aren't what they expected.

Bestselling author Liz Johnson invites you back to Prince Edward Island for a brand-new series about family, forgiveness, and the kind of love that heals all wounds.

BAKER PUBLISHING GROUP has been a member of the Green Press Initiative since 2005. We are proud to be industry leaders, printing 40% of our new books on recycled paper. The first Evangelical publisher to take part in the Green Press Initiative, Baker Publishing Group urges other Christian publishers to take seriously God's mandate to be good stewards of the earth and to join this worthy initiative to spare our forests as we spread the Christian message through our books.
